Royal Vancouver Yacht Club

October 21-22, 2023

Supplementary Sailing Instructions – Addendum C Protest Panel Procedure

For this event the Protest Committee Panels will be made up of event skippers.

On Saturday and Sunday immediately after racing there will be two Protest Committees each day of three members each. They will be available to hear any protests filed. It will be the responsibility of each skipper to be on hand and available to hear protests on the night indicated below.

The panels for the event have been drawn by the Race Committee. The final makeup of each day's panels may be adjusted by the Organizers to avoid any conflicts of interest. If any skipper has a schedule conflict on the day they are scheduled to serve they should approach the Race Committee to arrange a solution.

Failure to appear for your scheduled Protest Committee service will not be subject to protest by a competitor but may be subject to action including imposition of a discretionary penalty by the Protest Committee unless an alternative arrangement been approved in advance by the Regatta Organizer. The penalty will be added to the last race completed by the particular skipper in the event and this race cannot be discarded (DNE).

The skippers listed below should report to the Sailing Directors Office 45 to 60 minutes after the race committee signal boat docks on their assigned day.

The Protest Committee Panels are assigned as follows:

Skipper protest panel assignments
